NOTE: This parcel appears to be in the Out of Play area, as depicted on the 2004 State Strategies map. That designation was due to its inclusion in a state dataset of borrow pit sites. Because this site was previously used as a DeIDOT borrow pit, it was erroneously considered to be state-owned and therefore added to "out of play." The parcel is not state-owned and there are no other factors that would warrant its designation as "out of play."
